

UTOPIA EXPRESS

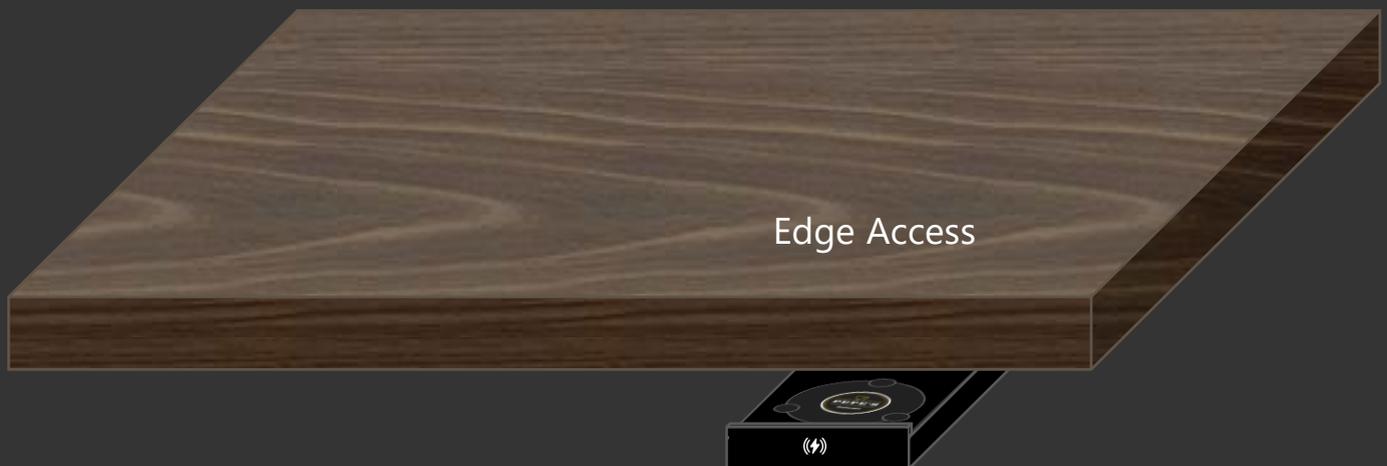

Edge Access Wireless Table Charger

Our signature Utopia charger embedded in your table. Utopia Express features edge access for guests and maximizes table space for food & drinks. Designed for finished surface table tops without any paper or linen covers. This charger simply moves forward when guests require charging.

Powered by our intelligent rechargeable+ //DynaBattery technology. We have made it simple to add a wireless charger to virtually any table or bar area securely. Includes all custom logo and colors found on our signature Utopia charger.

These units can be installed anytime to most table and bar tops without surface top modifications. Contact your TD Sales Representative for details. Add our Dynamic Table Application for the ultimate guest experience.

//DYNA-BATTERY Self Powered Charger

+Central Park Dock recharges up to 12 Utopia / DynaBattery Units.
